Workload Automation and Job Scheduling SAP Connector

The monkey-rope is found in all whalers; but it was only in the Pequod that the monkey and his holder were ever tied together. This improvement upon the original usage was introduced by no less a man than Stubb, in order to afford the imperilled harpooneer the strongest possible.

Usage

So strongly and metaphysically did I conceive of my situation then, that while earnestly watching his motions, I seemed distinctly to perceive that my own individuality was now merged in a joint stock company of two.

That my free will had received a mortal wound; and that another's mistake or misfortune might plunge innocent me into unmerited disaster and death. Therefore, I saw that there was a sort of interregnum in Providence.

How To Install

After installing the app from the marketplace, you will need to enter API Key and API Secret from Mixpanel. To do this:

- Login to Mixpanel
- Click Account in the top navigation
- Click Projects
- Copy and paste API Key and API Secret values into the proper fields in Zendesk
- Click Install
